Each of you needs to complete online registration with the Lone Star Region by March 7th if you have did not register during the Fall session already. The \$30 is paid directly to Kaboom with your deposit and I must send in to the region for you after you complete the online part.

If you have ever previously registered as a member of the Lone Star Region:

If you have NEVER registered as a member of the Lone Star Region before:

It is very self explanatory to sign up...the most important thing is to make sure you pick CLUB KABOOM VOLLEYBALL as your club or I will not be able to place you on a roster to register for the tournaments!
